Improving community health through health impact assessments

## CALL FOR CHRONICLES OF HEALTH IMPACT ASSESSMENT (CHIA) PEER REVIEWERS

We appreciate your interest in supporting the CHIA journal as a peer reviewer. In this role, you will be asked to read submitted articles. If you do not have time you can decline the invitation to review and will be placed back in the rotation for future opportunities. If you do have time, your review will address the following:

You will submit a written critique that will help determine if the article will be published. You will be asked if you have any conflicts of interest in reviewing an article. All your comments will be anonymous to the authors. You will be given prompts to respond to, such as: what are the article strengths or weaknesses, is this information that is new to the field or building on already known material? All comments should be viewed as constructive criticism for the authors. You will have the choice to accept, recommend acceptance with revisions, or not accept the article.

If you are interested, the following information will assist us in matching peer reviewers to specific authors.
