Letter

To the Editor:

Thank you very much for publishing my article, "Publishing in the Journal Literature of Library and Information Science" in the July 1996 issue of *C&RL*.

I am writing to apologize for a couple of errors that I did not catch in the page proofs. They are in Table 1. Fortunately, the errors do not affect the text, discussion, or conclusions in any way. However, I would like to set the record straight.

My sincere apologies for letting these errors slip into the final manuscript. I intend to e-mail the editors of the journals where the errors were made to let them know that I recognize the errors. Thank you.

The correct numbers are as follows:

Table 1			
Journal Title	% of feature art.	# of unsolic.	% of unsolic
Library Mosaics	25	20	90
RBML			25-50
School Libr. Media Qtrly.			varies

Now available with
Ovid or SilverPlatter® software

Apply for a free
trial of *Biological
Abstracts*® on
Compact Disc...

And open the world of life science to your researchers.

Open the world of life science to all your searchers with the compact disc version of *Biological Abstracts* – the publication that has served the life science community for over 65 years.

Now, your searchers can benefit from the convenience of CD-ROM as they use the world's most comprehensive life science database. BIOSIS monitors nearly 6,500 journals, representing virtually every biological and biomedical discipline.

Available on your choice of Ovid or SilverPlatter search software, *Biological Abstracts on CD* offers user-friendly search features, and allows for free-text, field-limited, and multiple database searches.

Apply for a free 30-day trial so your searchers can evaluate *Biological Abstracts on CD* using their own research topics. With the trial, you'll receive a recent disc containing at least six months' worth of data, your choice of search software, a quick reference card, database documentation, and complete support from the BIOSIS Help Desk.

Call today to apply for the free trial program.
