

JMRT AT SAN FRANCISCO

"The Widening Horizons of Librarianship" will be the title of Robert G. Vosper's speech at the Orientation Session on Sunday, June 25, 2:00-4:00 p.m. during the 86th annual conference of ALA in San Francisco. Mr. Vosper is the immediate past president of ALA, and university librarian, University of California at Los Angeles.

The Orientation Session is sponsored annually by the Junior Members Round Table and the ALA Membership Committee for the purpose of informing new members and those persons attending their first conference about the activities of ALA. Following Mr. Vosper's speech, round table discussions will be held, where resource persons, knowledgeable about ALA and the profession, will answer questions for persons attending their first conference.

The Junior Members Round Table is also sponsoring a trip to the Paul Masson Winery in Saratoga on Monday afternoon, June 26. Buses will transport the participants along the skyline drive to the winery for a tour and dinner, followed by a talk on books, wine, and cooking. The speaker will be Ernest Mundt, professor of art, San Francisco State College. Cost of the tour and dinner is \$7.50. Tickets are available by advance reservation from June R. Martin, Kanawha County Public Library, Charleston, West Virginia 25301. The tour is limited to 150 persons.

A JMRT hospitality suite, located at the Whitcomb Hotel, 1231 Market Street, San Francisco, will be provided for members of JMRT, with funds provided by the Exhibits Round Table. It is hoped that many other conference participants will drop by during the day. Coffee will be served every day from 3:00 to 5:00 p.m.

The JMRT membership meeting will be held on Thursday, June 29, 4:30 p.m.

The Junior Members Round Table invites membership from any librarian who is a member of ALA and who either is not over 35 years of age, or has not served in the library profession more than five years. Library school students are also invited to participate in the JMRT activities.

CHOICE's "Opening Day Collection"

Now Reprinted as a Special Supplement

CHOICE's "Opening Day Collection"—a list of 1,776 books the editors of CHOICE feel should be on the shelves of every academic library when it opens its doors—is now being reprinted as a Special Supplement. Developed with the help of William A. Pease and Richard J. Lietz of the University of North Carolina, the list was first published serially in 4 issues of CHOICE in late 1965. The enthusiasm and continuing demand which the list has since enjoyed prompts its reissue as a convenient separate supplement to CHOICE's regular monthly issues.

The list is intended to be used as the essential starting point for a library's further acquisition

and specialization. It has been particularly valuable to libraries in new colleges and junior colleges. Typical of comments received from users was the appreciation expressed by a junior college librarian confronted with the need to create seven "instant libraries" for a new system. "Thanks to CHOICE, we will have books for several thousand students when we open next fall."

The price of the "Opening Day Collection" Supplement is \$5.00 per copy. Copies may be ordered directly from CHOICE by filling out and returning the coupon below. Checks should be made payable to the American Library Association.

CHOICE, a monthly publication of the Association of Colleges and Research Libraries, reviews and evaluates more than 5,000 new books of importance to academic libraries every year. An annual subscription is \$20.00; single copies are \$2.00. Orders for subscriptions and single copies should be sent to the Subscription Department, American Library Association, 50 East Huron Street, Chicago, Illinois 60611.

If you are not yet acquainted with CHOICE, a sample copy and other information may be obtained by writing our Editorial Offices, 100 Riverview Center, Middletown, Connecticut 06457.
