KATHRYN S. FORREST, formerly head of the Science Division, Oregon State University Library, Corvallis, Oregon, has been appointed

Kathryn S. Forrest

associate director of the San Jose State University Library in San Jose, California. Mrs. Forrest, who received her MSLS degree from the University of Southern California, has had extensive experience in California academic libraries both in the state college and university systems. She served at the University of California, Riverside, for ten years, first as the head of the Citrus Experiment Station library and later as assistant librarian in the university library. She brings to San Jose State University fifteen years of professional experience in technical processing and public service with particular expertise in automation and SDI systems. She has been active in the Special Libraries Association and the California Library Association.

JOHN BREWSTER SMITH, director of libraries at Texas A&M University, joined the staff of the State University of New York at Stony Brook as director of libraries on March 4.

Mr. Smith has his undergraduate degree from Texas A&M, his library degree from Columbia University. In addition, he has studied law for two years. He has worked at the Columbia University Law Library and moved from there to become assistant director of public services at Texas A&M. Subsequently he was named acting director of libraries at Texas A&M and in 1970 became director of libraries there.

He has been active in the American Library Association, American Association of Law Libraries, Texas Library Association, Southwestern Library Association, and a number of other professional associations. He was selected as Librarian of the Year by the Texas Library Association and has worked on the Legislative Committee of the Texas Library Association.

NOW! FROM BAKER & TAYLOR—LIBRARY OF CONGRESS MARC TAPE CATALOGING AND PROCESSING

At Baker & Taylor all titles on MARC tape as supplied by the Library of Congress are now available cataloged and processed—and there is no extra charge if LC numbers are not included on your order.

Catalog cards using Library of Congress classification and subject headings and Unabridged Dewey classification with Library of Congress subject headings (LC/LC and Dewey/LC) provide descriptive cataloging, subject analysis and classification exactly as on MARC tape. Processing materials are computer produced and supplied with your books.

Cataloging and processing from MARC tape offers you a wide variety of call number formats at no extra cost. Here are a few examples of Baker & Taylor's low cost LC/LC and Dewey/LC processing options:

Fully cataloged and processed book, including cards, label, book pocket and book card 89¢

Fully cataloged and processed book without Mylar jacket 65¢

*Unattached processing kit 35¢

*Catalog cards only 25¢

* (Available with book orders only)

Additionally, at your option, titles not accessible from MARC tape are often available from Baker & Taylor's computer file of Dewey/LC and Abridged Dewey/Sears cataloging, prepared by our own professional library staff.

Each order for processed books must be accompanied by a specification sheet. Request the specification sheet for the type of cataloging you prefer. Write to your nearest Baker & Taylor Library Service Center.
