SE-LIN[®] labels stay on and stay clean for the life of the binding...

Our SE-LIN System makes labeling of a book a one-time proposition. SE-LIN labels won't come off because they're heat sealed to the spine . . . can't get dirty because they're protected by a laminated layer of clear plastic.

The SE-LIN label-making device attaches to your typewriter. So simple that anyone can use it. And so economical . . . only about one cent each for materials.

Please write for our new illustrated folder giving full details.
