● *Cumulated ARL University Library Statistics, 1962/63 through 1978/79*, compiled by Kendon L. Stubbs and David Buxton of the University of Virginia (1981), marks the end of a three-year effort on the part of the Association of Research Libraries to increase the availability of statistical information on its member libraries. On magnetic tape (1600 bpi, 9-track, suitable for use with SPSS, BM, DP, SAS, and other statistical software) it is available from Kendon L. Stubbs, Alderman Library, University of Virginia, Charlottesville, VA 22901, for \$40 prepaid.
