

32nd ISPA Conference Dublin 2010

20th - 24th July, The University of Dublin, Trinity College, Ireland

School Psychology - Making Life Better for all Children

The purpose of the conference is to provide opportunities for school psychologists, educators and other interested parties to meet, interact and exchange professional information. The Scientific Committee hopes to maintain this dialogue between practitioners and academics. We particularly encourage submission from practitioners. Submissions might include narrative reflections on the work of a school psychologist and analyses of this work, perhaps including linkages to evidence and research findings.

Six sub themes have been identified:

- Academic Achievement
- Biopsychosocial Health
- Diversity and Inclusion
- Pro-social Behaviour
- Working Together
- Professional issues.

Please note that the first deadline for submissions is 18th Dec 2009. The final deadline for submissions is 23rd April 2010.
