REV2013: 10th International Conference on Remote Engineering and Virtual Instrumentation

"Moving from design to innovation and impact"

REV2013 is being held in Sydney, Australia. Sydney is the largest and most dynamic city in Australia. Attending REV2012 will give you an opportunity to experience Sydney 's stunning harbour, wonderful climate, friendly people, and numerous other attractions, whilst participating in an exciting conference program.

IMPORTANT DATES:
Sunday 21st October 2012 - Deadline for paper submissions (absolutely no extensions!)
Sunday 11th November 2012 - Deadline for submission of paper reviews (3 weeks for reviewing)
Friday 23rd November 2012 - Notification of acceptance
Friday 14th December 2012 - Deadline for Author registration (3 weeks for authors to confirm attendance and register)
Sunday 6th January 2013 - Revised paper deadline (6 weeks from notification to final version)
*February 6-8, 2013 * - Conference

You are invited to submit papers and workshop and tutorial proposals for consideration.
REV2013 is the tenth in the series of annual conferences of the International Association of Online Engineering (IAOE) (http://www.online-engineering.org). REV2013 will be organised in Sydney, Australia and hosted by the University of Technology, Sydney. REV2013 aims to have a specific focus that moves our community from a consideration of the mechanics of remote engineering, to the impacts that these systems can have, and how we can innovate in new and novel ways. Papers that address these areas are particularly encouraged.
