

The authors of a previously published article [Ureterorenoscopy With Stenting and Its Effect on Female Sexual Function. Urol J. 2017;14:3059-63.] stated that they have missed to include an author on the submission. We have received a letter signed by all authors confirming the above issue. Therefore, based on this correction “Ramazan Asci” is added as the third author on the submission. The corrected name of submission and authors would be: [Ekrem Akdeniz, Mustafa Suat Bolat, Ramazan Asci. Ureterorenoscopy With Stenting and Its Effect on Female Sexual Function. Urol J. 2017; 14: 3059-63.]
